

# The Room Screening Guide

1. **If you see a photo frame with a spoon in it...**Shout Spoon! and bang your spoons on the seats. Rule also applies if you are bored.
2. **If a character enters the scene...**Greet them! Shout "Hi [Name of Character]" and make sure to wish them goodbye too
3. **If you see an establishing shot...**Shout "Meanwhile in San Francisco" since Tommy likes to remind the audience that he is in San Francisco. It is also okay to shout "Alcatraz" if you see the famous island, or to sing the Full House theme song if the shot looks like it is from Full House
4. **If the camera starts panning across the Golden Gate Bridge...**Cheer on the camera, and make sure to be disappointed if it doesn't make it across
5. **If Tommy starts making chicken noises...**Make them with him!
6. **If Tommy starts laughing...**laugh with him!
7. **If Tommy makes some vague philosophical statement...**Applaud his genius.
8. **If a female character says their reasoning for anything...**shout "Because you're a woman!" because of Tommy's blatant misogyny in the script
9. **If you see a sex scene...**Feel free to act disgusting, or to sing along to the song track
10. **If you see a character that is never introduced...**Make sure to make your confusion known by shouting "Who are you??"
11. **If Tommy is doing something sneaky...**Sing the mission Impossible Theme song
12. **If Tommy Says that Mark is his Best Friend...**Count it! The actual number is somewhere between 4 and 6
13. **If Lisa's neck starts acting funny...**act disgusted and/or quote Jurassic Park as if Lisa is a dinosaur
14. **If someone forgets to close the door to Tommy's apartment...**yell at them to close the door
15. **If you hear any chant that is not on this paper...**Go along with it! And make any commentary you see fit. This movie is bad. Have fun.
